

LEARN FRENCH... IN FRENCH!

You are enrolled in a program to study French at l'École de langue française et de culture québécoise situated in one of the areas with the highest concentration of native French speakers per capita in Québec. Everyone here speaks and lives in French. This is an extraordinary chance for you to learn and perfect your second language through a cultural and linguistic immersion experience.

L'École de langue française guarantees quality teaching and sociocultural activities that offers you a 100% French experience in a fun environment. In return, we ask you to sign a pledge committing you to use only French during your stay in Chicoutimi. If a student doesn't respect the pledge, they could be expelled from the program. This pledge is made in order to give you every opportunity to improve your French skills.

Whether you're beginner, intermediate or advanced, l'École de langue française and its team have just one goal: your success! And this success depends largely on your involvement.

Le français partout, pour moi, pour tous!
